## SUBJECT INDEX

Entries that appear in *italics* refer to specific titles of articles or abstracts.

- Achalasia of cardia and mega-esophagus: report of five representative cases*, 186
- Anembiasis, suspected, therapeutic trial for (abstract), 162
- Anesthesia
- general, improved method of endotracheal intubation, 256
  - local, for dental surgery, 265
- Aneurysm, dissecting, of aorta, 231
- Angiography of coronary arteries in live dog*, 251
- Announcements, 227, 228, 282
- Aorta
- coarctation of, 36
  - dissecting aneurysm of, 231
- Arteriosclerosis, development in aortic homograft? Experimental (abstract), 159
- Arteries
- coronary, angiography of, in live dog, 251
  - renal, lesions of, in hypertension, 3
- Arthropathy, deforming, with excess deposition of cholesterol, 200
- Atherosclerotic complications of hypertensive disease: relation to therapeutic response and to serum protein and to lipoprotein concentrations: preliminary report*, 115
- Biliary tract, fistula of, 124
- Breast, cancer of, 179
- Bunts Institute
- Courses
    - for 1956-1957, list of, 226
    - postgraduate, tentative programs
      - blood bank methodology, 286
      - general practice, 63
      - medical progress and its relationship to dentistry, 65
      - progress in management of rheumatic diseases, 283
- Program and Proceedings of Scientific Sessions of Fifth Annual Fellowship Reunion, 155
- Cancer
- Cancer of breast: surgeon's dilemma*, 179
  - Cancer of stomach, treatment by extended gastric resection, 28
- Carcinoma of thoracic esophagus, palliation by cobalt-60 teletherapy, 245
- Chronic ulcerative colitis with systemic lupus erythematosus: report of case*, 43
- Coarctation of aorta associated with defect of muscular portion of interventricular septum in infant: clinicopathologic study*, 36
- Cobalt-60 teletherapy for palliation of carcinoma of thoracic esophagus*, 245
- Colitis, chronic ulcerative, with systemic lupus erythematosus, 43
- Colon, esophageal reconstruction utilizing transverse colon (abstract), 171
- Commercial glucose oxidase preparations for detection of glucose in urine*, 212
- Craniopharyngioma, cystic, surgical treatment by endonasal approach, 216
- Cystic craniopharyngioma: surgical treatment by endonasal approach: report of case*, 216
- Deforming polyarthropathy with excess deposition of cholesterol: report of case*, 200
- Dental protection during endotracheal intubation, 32
- Diabetes, pituitary and adrenal factors in, 47
- Diabetogenic action of pituitary: clinical considerations*, 47
- Disposable membrane oxygenator (heart-lung machine) and its use in experimental surgery*, 69
- Dissecting aneurysm of aorta: review*, 231
- Does aortic homograft develop arteriosclerosis? Experimental study* (abstract), 159
- Elective cardiac arrest by Melrose technic: potassium asystole for experimental cardiac surgery*, 98
- Elective cardiac arrest in open-heart surgery: report of three cases*, 105
- Esophageal reconstruction utilizing transverse colon (abstract)*, 171
- Esophagitis: report of case treated surgically (abstract)*, 169
- Esophagus
- achalasia of cardia and mega-esophagus, 186
  - carcinoma of thoracic esophagus, 245

## SUBJECT INDEX—Continued

- Exophthalmos, unilateral, presenting sign in leukemia, 133
- Fistula, internal biliary, 124
- Gastroenteroscopy (abstract), 168
- Glucose in urine, detection by commercial glucose oxidase preparations, 212
- Heart
- defect of muscular portion of interventricular septum, 36
  - disposable membrane oxygenator
    - description of, 69
    - in experimental surgery, 98
    - in open-heart surgery, 105
- Homograft, aortic, development of arteriosclerosis? Experimental (abstract), 159
- Hypertension
- atherosclerotic complications of, 115
  - essential, treatment by adrenal denervation (abstract), 160
  - urologic causes of, 3
- Ileum, transplantation of ureters into ileal pouch (abstract), 172
- Improved method for endotracheal intubation during anesthesia, 256
- Improved method of adjusting commercial colloidal gold solution used in serum colloidal gold test, 269
- Improved method of adrenal denervation for essential hypertension (abstract), 160
- Internal biliary fistula: report of 18 cases, 124
- Intestine, Noble plication operation on small intestine for recurrent obstruction from adhesions (abstract), 166
- Intra-osseous venography (abstract), 155
- Kidneys
- lipomatous replacement of (abstract), 173
  - renal artery lesions in hypertension, 3
- Leukemia, unilateral exophthalmos as presenting sign of, 133
- Lipomatous replacement of kidney: report of two cases (abstract), 173
- Liver
- needle biopsy (abstract), 162
  - resection (abstract), 165
- Lungs
- disposable membrane oxygenator
    - description of, 69
    - in experimental surgery, 98
    - in open-heart surgery, 105
  - metastatic neoplastic disease in, 16
- Lupus erythematosus, systemic, with chronic ulcerative colitis, 43
- Malignant synovioma: report of two unusual cases, 260
- Masking technic for photographic reproduction of roentgenograms: preliminary report, 139
- Melrose technic
- in experimental cardiac surgery, 98
  - in open-heart surgery, 105
- Mesothelioma of peritoneum (abstract), 163
- Needle biopsy of liver (abstract), 162
- Neurilemmomas of lateral region of neck, 274
- New gastroenteroscope (abstract), 168
- New method for hepatic resection (abstract), 165
- New type of wound closure useful in pediatric surgery (abstract), 168
- Nisentil hydrochloride analgesia and Pentothal sodium amnesia in dental surgery: preliminary report, 265
- Noble plication operation on small intestine, for management of recurrent obstruction from adhesions (abstract), 166
- Oxygenator, disposable membrane
  - in experimental surgery, 69, 98
  - in open-heart surgery, 105
- Pediatric surgery, new type of wound closure (abstract), 168
- Pentothal sodium amnesia in dental surgery, 265
- Periarteritis nodosa, unusual case (abstract), 157
- Peritoneum, mesothelioma of (abstract), 163
- Photography, masking technic for reproduction of roentgenograms, 139
- Pituitary
- diabetogenic action of, 47
  - tumor (cystic craniopharyngioma), surgical treatment by endonasal approach, 216
